O'SEA® & REGALITE® : DES FEUILLES DE VINYLE DURABLE FORMULÉES POUR OFFRIR DES ANNÉES DE CLARTÉ.

Pourquoi choisir O'Sea® & Regalite® ?

Les feuilles Regalite et O'Sea sont polies par pression pour obtenir un vinyle transparent haut de gamme pour les applications marines. Cette conception innovante leur confère une durabilité, une douceur, une flexibilité et une clarté optique exceptionnelles. Elles offrent une protection contre les rayons ultraviolets, afin d'aider à protéger les plaisanciers contre le soleil et l'éblouissement ainsi qu'une excellente résistance aux UV afin d'éviter le jaunissement et la fragilité souvent associés aux autres fenêtres en cristal transparent. Grâce à leurs caractéristiques techniques supérieures et leur résistance aux intempéries dans le temps elles sont le choix de prédilection des amoureux de la navigation.

Le vinyle O'Sea est doté d'un revêtement unique sur ses deux faces spécialement conçu pour offrir une excellente résistance aux rayures, aux crèmes solaires, aux répulsifs anti-insectes et au kérosène sans modifier le toucher ou compromettre la flexibilité de la feuille.

Applications

Fenêtres souples transparentes comme le verre pour des applications automobiles et marines et diverses autres utilisations, notamment les masques de protection, la signalisation extérieure et les applications industrielles

Dimensions et poids

Épaisseur	O'SEA® : 0.51mm(Clear) / 1.02mm(Clear) / 1.02(Smoke) REGALITE® : 0.51mm(Clear) / 0.76mm(Clear) / 1.02mm(Clear)
Dimensions des feuilles	O'SEA® : 137cm x 279cm REGALITE® : 137cm x 279cm

Propriétés physiques

Stabilité dimensionnelle	≈1%	ASTM D1204 (15m at 100°C)
Résistance au déchirement	3,000 psi	ASTM D412
Vieillessement au xénon	Clarté préservée à plus de 95 % Conforme à la réglementation REACH	ANSI SAE Z26.1, Test 16

DES PERFORMANCES D'EXCEPTION:

Résistance aux rayures*

Notre traitement résistant aux rayures est appliqué sur les DEUX faces de nos fenêtres pour des performances exceptionnelles.

Transparence optique

Notre formulation et notre processus de fabrication uniques vous offrent une vision claire et sans distorsion.

Longue durée de vie

Conçu pour résister aux conditions climatiques dans lesquelles votre bateau évolue au quotidien.

Résistance aux UV

Aucun jaunissement

Nettoyage facile

Éliminez régulièrement la saleté et le sel. Lavez au jet d'eau ou époussetez les particules de saleté de la surface, puis nettoyez à l'eau claire ou avec une solution d'eau et de savon doux.

Résistance aux produits chimiques*

Nos fenêtres traitées résistent aux crèmes solaires, aux répulsifs anti-insectes et au kérosène
